Dear Mr. Parks,

Thanks for your 5/20. And you are welcome to use that letter any way you want.

If you have where Hunie described himself as a fascist I'd like to add that to my file on him. Most of what I wrote about him and Foreman was edited out of Frame-Up. I suppose because it was longer than desired.

It was John Christian. And even when I had payment for the shipping he did not answer after saying he would ship what remained if I did that. If you can learn from the new-book outlet where they got those copies it would be of interest. Nothing I can do but I'm ~~extremexcurious~~.

Melanson's book is worse than trash. It misinforms, disenforms and lies. And it has a childish concepts of the spooks. Who had nothing at all to do with Ray. Did you notice that Melanson merely assumes Ray's guilt?

Real Scholar! And how brave a man!

Thanks and best wishes,

Harold
